

LAPIS

Sculptured, set in stone, with primeval recalls, Lapis attracts and captures the perception with its beauty. *Designed and styled to fit in all spaces, suggesting steady and composite architectures, defining the space in a perpetual motion.*

Lapis is an expression of industrial art.

TECHNICAL FEATURES

Lapis collection is realized with a unique technique: a triple coating printed thick non-woven with 3D lasered design.

The thickness of this non-woven support permits to hide the imperfections of the wall and it is extremely easy to apply.

The triple coating is made with special resins, that have been projected and produced internally uniquely for this product.

The designs and colors have been accurately studied for giving a tridimensional structure that enhances an impressive visual impact.

ABOUT THE COMPANY

In few years Texam Home, thanks to its creative philosophy based on "Research never ends", has become a leading brand on the high-end of wallcovering's market. In fact, our brand embodies a resume of innovative high technology, exclusive materials and a unique style, that stands out from the masses.

This harmonic mix permits, every year, to create remarkable and cutting-edge products, which express themselves in timeless astonishing collections. Another essential aspect of Texam Home's creations is the feeling that the material gives; it is perceived as something completely natural and organic, avoiding any industrial effect. All the wallpaper's surfaces are designed to obtain a three dimensional effect, to reshape rooms and locations, in order to nullify the optical barrier of the wall, giving vitality to the whole space thanks to a perception of infinity. The technical skills, unified with the brilliant innovations, brought by a qualified creative team, ensure to the customers top level products, which are always precursors of fashion in the wallcovering's world.
